Special Constabulary Wellbeing Webinars 2023

Introduction

As of July 2022, membership of the Police Federation of England and Wales (PFEW) was opened to Special Constables. All members receive support, advice and guidance from fellow officers who are elected workplace reps to ensure they are properly represented and supported, should a workplace issue occur. Already, PFEW represents over a third of the Special Constabulary.

We are pleased to be hosting a series of webinars which will provide an insight into what support and guidance is available to all Special Constables, whether subscribing members or not.

All five webinars are free to attend, will take place from 6:30 pm – 7:30 pm and will be recorded for viewing afterwards.

What's the purpose

With a central focus on wellbeing, this webinar series will be facilitated by SCI Laura Hart from Merseyside Special Constabulary alongside guest speakers. Each webinar will delve into a different topic providing an insight into different areas of support, there will also be an opportunity for questions and discussion.

Who's it for

All Special Constables, whether subscribing PFEW members or not.

Wellbeing Webinars 2023 | Dates, Speakers & Sessions

- 30 March This session will be opened by DCC Richard SC Lead from **National Police Chiefs Council (NPCC)** and will focus on the benefits offered through PFEW Membership.
