

## MyShiftPlanner:

Created by a Manchester based company, working to support our emergency service personnel. We have developed an app to help you to take control of your work/life balance and manage your shift rotas from your pocket.

### Key Features:

- EASY to set up – simply download for FREE, register, away you go.
- Many common work-patterns already built-in – including 222.
- Easy to view your rota at-a-glance from the colour-coded calendar.
- Customisable to suit your needs.
- Keep notes, of any variation on any day.
- Check you payslip against your hours
- Secure back up built in.

That's great, but what else does it give you?

- Compare your shift against your partner's shift/availability
- Calculate Worked Hours, Overtime and Annual Leave for your week or month
- UK public holidays pre-programmed.
- Add custom reminders so you never forget your shift.
- Supports split shifts, holidays, rest days, overtime, on call, training and pay days.
- Works on both iPhone, iPad and Android.

MyShiftPlanner – We know that working shifts can be difficult, so we created MyShiftPlanner especially to make your life easier.

Available now from Google Play and the App Store.
