

# **SCHEME RULES**

## **INTRODUCTION**

The Northern Police Healthcare Scheme is a self-funded Trust based scheme. The intention of the scheme is to make the advantages of private medical healthcare available to members/associate members of the scheme at a reasonable cost.

The scheme is not insurance based and there is no guarantee of benefit.

All benefits under the scheme are payable at the absolute discretion of the Trustees and will depend on the Trustees' view of the scheme's financial position and the merits of each individual case.

The scheme was set up by a Trust Deed dated 5 December 2011 with a subsequent Trust Deed of 12 May 2012 amalgamating the Northumbria and South Yorkshire Healthcare Schemes ("the Deed"). A further subsequent Trust Deed with North Yorkshire was introduced on 29 March 2018 and this was based on the original Trust Deed initiated on 1 October 1989 by Northumbria Police Federation Trustees.

These rules are subject to the provisions of that Deed and in the event of any conflict between the rules and the Deed, the Deed shall prevail.

## **SUBSCRIPTIONS**

The subscription rates per period at the time of publication of the relevant scheme rules are contained in a separate leaflet at the back of this booklet (Appendix A). Any alteration determined by the Trustees will automatically void any previously published subscription rates.

- (i) With regard to memberships which include associated member children, the rates shown in Appendix A for Full Family and Member and Child/Children at the Standard rate, relate to children under the age of 21. Once a child who is an associate member reaches the age of 21, that associate member must pay the current rate of £16 in the month following their 21<sup>st</sup> birthday. This applies until they reach the age of 30, at which point their payments will increase in accordance with the current age-related subscriptions.
10. All subscriptions shall be paid by payroll deduction unless the Trustees authorise otherwise.
  11. The Trustees reserve the right to alter the subscription rates from time to time as they, at their absolute discretion, see fit. The Trustees will endeavour to give at least twenty-eight days notice of any such increase but are not bound to do so. Notification will be given in such manner as the Trustees deem appropriate and members/associate members will be deemed to have knowledge of any alteration 28 days after the issue of notification by the Trustees, regardless of whether such notification is actually received by the member/associate member.
  12. Special rates apply to Student Officers and are contained in a separate leaflet at the back of this booklet (Appendix B).

## **CLAIMS PROCEDURE**

19. Any member/associate member wishing to make a claim for benefit in relation to treatment under the scheme shall initially obtain a claim form from the Trustees and complete or (if appropriate) arrange for the completion of such form.

In exceptionally urgent cases, a modified procedure may be applied, for example, where treatment has begun, and it becomes clear that more treatment than envisaged is required. In such circumstances the need for prior approval to be obtained remains, but such approval may be granted by telephone.

A £50 one off excess payment will be required when registering a claim and a GP's Referral Declaration Form will be incorporated into the claim form pack, which a GP must complete and sign at the appointment. This form must be returned to the scheme administrator by the claimant before any further consultation or treatment will be approved for payment.

20. The completed form shall be sent to the Trustees or, if the Trustees so direct, to their Agent.
21. The Trustees or (as appropriate) their Agent will inform the member/associate member whether treatment has been authorised and any limits on such treatment as is authorised.  
Where treatment is authorised, the cost of such treatment, subject to any limitations notified, will be met by the scheme.
22. If treatment is not authorised, neither the scheme nor the Trustees will be responsible for the payment of any costs incurred other than the reasonable cost of the initial consultation required to complete the application form.
23. Any member/associate member wishing to make a claim for a cash benefit under Clause 16 shall initially obtain a claim form from the Trustees and complete or (if appropriate) arrange for the completion of such form.  
The completed form shall be sent to the Trustees, or if the Trustees so direct, to their Agent, as soon as possible after the member/associate member is discharged from hospital, and in any event within fourteen days of discharge. The Trustees reserve the right to require such further information as they, at their absolute discretion, deem fit before considering a claim for cash benefit.
24. The Trustees may, at their absolute discretion, require such information as they deem fit from the member/associate member or any General Practitioner or medical specialist prior to authorising any application for benefit under the scheme.
25. The Trustees may, in exceptional circumstances, if they, at their absolute discretion see fit, waive a failure to follow the Claims' Procedure and retrospectively approve treatment.
