

**The GP24 service provides you with unlimited 24/7 access to a practising UK-based GP from wherever you are in the world. Consultations are available 24/7 by phone or by video consultation. Includes cohabitating family.**

Our experienced GPs are able to provide diagnosis, advice, reassurance or a second opinion. Should the GP feel you would benefit from prescription medication they can arrange and electronically authorise private prescription medication, where the medication will be delivered to you at any UK based address the next working day or the prescription emailed direct to a nominated pharmacy. The cost of the drugs are chargeable at wholesale rates which will be told to you before they are issued. Where appropriate the GPs can issue private Open Referral\* letters and Private Fit Notes. Each consultation is secure and confidential and there is no limit to the number or length of consultations. Please note that some employers may not accept Private Fit Notes.

\*Open Private Referrals

Within your appointment, the GP will recommend the best course of treatment / action. Should they feel you would benefit from a specialist assessment or further treatment they can provide you with an open private referral letter. This referral is for Private Medical Care only and will not be accepted for services in the NHS. Referral letters can be posted or emailed directly to you.

**Please note the private referral is not a claims authorisation and you will need to speak to your Private Medical Insurance company prior to receiving any treatment, unless you will be funding this yourself. If you do not have Private Medical Insurance, you will need to fund the consultation yourself. There is no cover under this Group Insurance Scheme to pay for Private Consultations.**
